Development Philosophy of Bangladesh

Growth with equity and social justice remains the overarching goal of our development strategy

- Pursue inclusive growth strategy: specifically, the aim is to reduce poverty and income inequality by ensuring access of the poor to economic resources and employment;

- Reducing regional imbalance in development;

- Raising economic participation of Women and Youth as well as Disadvantaged.
Overview

- **Bangladesh State Constitution** (Part II, Articles 9-20)

- **Development Planning/Strategy** (Perspective Plan, Five Year Plan, Poverty Reduction Strategy Paper, Annual Development Program etc.)

- **Millennium Developments Goals (MDGs)** (8 Goals, 22 Targets and 60 Indicators)

- **Sustainable Developments Goals (SDGs)** (17 Goals, 169 Targets and 230 Indicators)
History of Development Planning in Bangladesh

- Indian Planning Commission 1950; Pakistan Planning Commission, 1953
- In 1956 a Provincial Planning Board was established under the United Front Government of the then East Pakistan and was renamed as East Pakistan Planning Department;
- It was an agency for formulating investment programmes and for negotiating with the Central Government of Pakistan for an adequate share of the financial resources for the development of East Pakistan;
- Planning Cell in 1971;
- After independence, Planning Commission of Bangladesh was established in January 1972;
- Project Implementation Bureau (PIB) in 1975 and now is IMED;
- External Resource Mobilization was entrusted to ERD in 1975;
- The Planning Division in 1975;
- Planning cells in different Ministries/Divisions in 1975.
History of Development Planning in Bangladesh (contd.)

- First Five Year Plan was adopted in 1973 (1973-78);
- After independence, Bangladesh followed socialist type economy and all industries were nationalized;
- Gradually private sector participation in industry was allowed.
Article 15 of the Bangladesh Constitution requires that the country should follow the path of a planned economy for realizing its development objectives.

‘It shall be a fundamental responsibility of the state to attain through planned economic growth, a constant increase of productive forces and a steady improvement in the material and cultural standard of living of the people, with a view to securing to its citizens –

(a) the provision of the basic necessities of life, including food, clothing, shelter, education and medical care;

According to the Article 15, the ‘planned economic growth’ is a constitutional obligation for the Government of Bangladesh.
Accordingly, between FY1973 and FY2002 Bangladesh implemented 5 successive Five Year Plans and an interim Two Year Plan (1979–80).

From FY2003 to FY2010, there was a deviation from the five year plan (period of plan holiday) to a process of shorter term Poverty Reduction Strategy Paper (PRSP).

The present democratic Government led by Prime Minister Sheikh Hasina decided to switch back to the five year plan mechanism from 2010-11.

Vowing to leave no one behind, the global community has adopted the new 2030 Agenda for Sustainable Development, encompassing 17 universal and transformative goals and 169 targets aimed at ending poverty and hunger, attaining gender equality, fighting inequality and tackling climate change over the next 15 years.
The Historic Insignias for SDGs
(17 Lighthouses Charting Future Course of Action)
SDGs and 7th Five Year Plan

- 7th FYP coincides with the final year of MDGs and the launch of UN’s post-2015 Sustainable Development Goals (SDGs)
- The development approach underlying the 7th Plan is consistent with the global agenda for higher growth in developing countries with appropriate measures for protection of the environment.
- Eradication of extreme poverty will be a cardinal principle of the strategies laid out in the 7th FYP document.
- Plan will strive for just, equitable and inclusive economic growth, gender equality and social development while protecting the environment.
- 7th FYP Targeted 7.4% GDP growth p.a. synchronizes with SDGs suggested attaining above 7% growth by least developed countries
- Finally, 7th Plan will create the base of implementing SDGs by 2030 (including two more Five Year Plans)
SDGs As Integrated in 7th Five year Plan

**SDG1. End poverty in all its forms everywhere**

Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

7FYP Target: Governance

- To ensure all persons are able to live securely under the rule of law
- Legal aid will be given to at least 37,000 victims annually by 2020
- Enhancing Integrity & Controlling Corruption
- Right to Information (RTI)/Access to Information
- Making parliamentary process effective

Goal 17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

7FYP Target: Development Partnership

- Effective Aid Information Management System (AIMS)
- Ensure development partners’ policy alignment and system harmonization
- Effective national Policy on Development Cooperation to guide development cooperation in Bangladesh
GED has already done the Mapping of Ministries/Divisions by SDGs targets (who to do what in terms of targets)

GED has shared the Draft Mapping with all the ministries/divisions in January 2016 for comments and observations.

Drafted the SDG Mapping in the Action Plan Format by aligning with the ministries/divisions observations prudently.

The draft Mapping and Action Plan Format was presented in a consultation meeting chaired by Hon’ble Planning Minister on March 2016.

A workshop on SDG Mapping held on April 2016 to review the draft.

In May 2016 final observations were incorporated, and we now come-up with a final draft of Mapping of targets for final approval.

### Goal 5. Achieve gender equality and empower all women and girls

**5.5 Ensure women’s full and effective participation and equal opportunities for leadership at all levels of decision-making in political, economic and public life**

| MoWCA | LJD; LGD; MoPA; MoInd | • Enhance access to and control over productive resources  
• Increase participation and decision making  
• Improve institutional capacity, accountability and oversight | Local Government (City Corporation) Act 2009;  
Local Government (Paurashava) Act 2009;  
Local Government (Union Parishad) Act 2009;  
Zila Parishad Act 2000 | 5.5.1 Proportion of seats held by women in national parliaments and local governments  
5.5.2 Proportion of women in managerial positions |
Framing the Action Plan by targets of SDGs

• Preparation of the SDGs Implementation Action Plan in a phased manner for coming one decade and a half by Ministries is under process in Planning Commission of Bangladesh and planned to be finalized by August, 2016.

• As the 7th FYP is the means of implementation of SDG targets in Bangladesh, Ministries/Divisions are identifying the Actions/Activities/Interventions to achieve the SDG targets in accordance with 7th FYP for the next five years.

• Further, Ministries/Divisions will comply with the Action Plans by preparing possible actions/interventions during and beyond 7th FYP till 2030.
Finalization of Action Plan by targets of SDGs

- General Economics Division, Planning Commission in collaboration with United Nations Resident Coordinator (UNRC) in Bangladesh has organized dialogues with the NGOs, CSOs, Development Partners and Media to ensure private sector involvement in SDGs implementation.

- Development Partners of Bangladesh also have been requested to align their Country Strategies within the framework of the SDGs targets relevant for Bangladesh.

- Thematic and goal wise consultation with stakeholders from private sector along with Development Partners at a large scale will be carried out regarding Action Plans and development of Monitoring Framework.

- Action Plan will be finalized by consulting with all the relevant Ministries/Divisions.
A preliminary data gap analysis for monitoring SDGs is already conducted by GED, Planning Commission on May, 2016.

GED has consulted with data generating relevant ministries/division and agencies, including SID and BBS.

Data Gap Analysis found that data on 63 indicators only are available in existing data generating system of Bangladesh and 67 can be generated by modifying existing census (from aggregation to disaggregation), survey, MIS etc.

Additional 108 indicators will require new survey or census to generate information.

Including BBS, the national statistics agency, several major agencies, i.e. DoE, DOF etc. will require especial support for dealing with new types of data collection/mining in segregated form with various dimensions say by age, sex, regional locations etc.

Need Assessment and Financing Requirement for SDGs Implementation and Monitoring

- **Implementation of SDG** through national plans, i.e. 7th, 8th and 9th Five Year Plan will call for primary Needs Assessment and consequent Financing Strategy

- Thematic and **goal wise consultation with stakeholders** from private sector along with Ministry/Division and Agency level will be a pre-requisite for Needs Assessment

- **Regional and global partnership** will be required for
  - SDG Needs Assessment and Financing and
  - preparing sector action plans
  - future **technical support** for SDG monitoring and reporting
  - stocktaking of best practices and innovations in implementation
